Envision Morgan Presentation at Morgan Area Chamber of Commerce Meeting

(23 May 08)

Kevin Fayles, Community Relations Manager for Envision Utah shared information about the Envision Morgan process with members of the Morgan Area Chamber of Commerce. Mr Fayles introduced some thought provoking perspectives to consider when thinking about Morgan's future growth. The Chamber strongly encourages all residents of Morgan County to participate in the Envision Morgan workshops to be held over the next two weeks. (See the related ad in today's paper for more information.)

The Morgan Area Chamber of Commerce met on Wednesday, May 21 in the conference room of the First National Bank of Morgan. Following the guest presentation the Chamber's members went into a business meeting where they discussed the vision for the five key committees: Government Relations, Membership, Business Relations, Marketing and Economic Development. More volunteers are needed in each committee and are warmly welcomed. Members also passionately discussed the benefits of joining the Chamber, including networking, new ideas, local support and advice for business and a say in government relations in a city-wide, county-wide and state wide basis.

All community members are invited to join the Morgan Area Chamber of Commerce or simply attend the informative meetings. Watch The Morgan County News for the dates and times of meetings in June.
